

Professionals in Science, Engineering and Technology

proSET is **Professionals in Science, Engineering and Technology** – a sector of the National Science and Technology Forum (NSTF) consisting of Professional Bodies and Learned Societies. proSET represents more than 40 organisations/institutes/associations who themselves represent professionals in various specialised science, engineering and technology (SET) fields. Notable among the membership are professionals in various branches of **Engineering**, as well as **Educators** specialising in science, technology and mathematics education, and research. For a complete list of the proSET Membership, see the website: www.nstf.org.za/proSET.

proSET, as a sector of the Forum, engages with Government policies in science, engineering, technology, and innovation, hosts critical discussion forums, holds regular meetings, and contributes to the activities of the NSTF as a whole.

proSET has a particular interest in the issues listed below, and engages in discussion and debate around these, playing a role by lobbying among stakeholders:

- Accreditation of professionals, especially engineers and educators;
- Regulatory issues affecting professionals in SET;
- Setting and maintaining standards of safety, health, environmental sustainability, and quality;
- Opportunities for Research and Development and Innovation in industry;
- Opportunities for support and funding of research in SET;
- Creation of career paths for young science/engineering graduates and professionals;
- Encouraging professionals from other countries to study and work in South Africa; and
- The quality of school level education in science, technology, engineering and mathematics.

proSET is the new name of SETAG (Scientific, Engineering, and Technological Societies and Allied Professions Group of South Africa) which was established in 2003. proSET is governed by by-laws of the NSTF Constitution, and an Executive Committee elected by the membership at the Annual General Meeting is responsible for proSET's activities. For the names of proSET Exco members, and date of the AGM, please see the NSTF website: www.nstf.org.za/proSET.

To join proSET:

Apply for NSTF membership online (<http://www.nstf.org.za/joining-nstf/organisation-registration>) and indicate that your organisation wants to be part of this exciting sector.
